PRINCIPLES & STANDARDS AT ZEALTOP

ZEALTOP Granito continuously endeavors to maintain international standards of procurement, production, and quality testing. The modern testing facilities are equipped to qualify every tile by its length, straightness, thickness, shape, and surface. Every tile is tested for its hardness, water absorption, flexural strength, and abrasion resistance. Other technical specifications and attributes include skid resistance, breaking strength, density, frost resistance, chemical resistance, thermal shock resistance, color resistance, thermal expansion, stain resistance, moisture expansion, glossiness, and matt finish.

One of the core values, and also the founding mission of ZEALTOP Granito, is to provide high-quality products, which perfectly meet the requirements and specifications of customers. ZEALTOP Granito strives for excellence by providing products that best fulfill the requirements of our customers. We continuously improve quality and reliability with the help of an effective quality management system, while complying with all requirements of a healthy workplace.
